👤 PROFILE

I am keen to fulfil my dreams to become a software developer and pivot my career into information technology for which I have finished my bachelor's degree in information technology in 2021. As an accomplished Retail Branch manager my management skills and sales experience will be of great value to my future employer. The ideal opportunity would be where I can leverage my interaction skills, operational experience, and positive attitude. It will also provide me with the opportunity to enhance my creativity and acquire new skills.

📁 EMPLOYMENT HISTORY

Freelance Web Developer / Systems Administrator at DPTS pty ltd, International

November 2020 — Present

I am leading a web development team that build dynamic websites and ecommerce stores for international clients of DPTS. This includes migration of code and parameters to the quality assurance and production environments. Also, I am further responsible for the administration and support of the cloud hosted environments on Microsoft Azure for DPTS and its' clients. This includes selecting and setting optimal servers up for use as web and back-office servers for the e-commerce and CRM applications, including ensuring that servers and data are secured and backed up frequently. Working with international clients has also broadened my horizon and understanding of diverse client needs. This experience has allowed me to gain hands-on experience to complement the theoretical knowledge obtained as I complete my three-year bachelor's degree in information technology.

Branch Manager at The Lighting Warehouse, Pretoria

June 2018 — Present

Directing all operational aspects including distribution, customer service, human resources, administration and sales in accordance with the company's objectives. Providing training, coaching, development and motivation for branch personnel. Developing forecasts and financial objectives.
